Asad Faulwell
Phantasmagoria
March 19 – April 16, 2022

Asad Faulwell's paintings are obsessively detailed in his exhibition *Phantasmagoria* opening on Saturday, March 19th at the **Kravets Wehby Gallery**. In addition to showing the latest of his *Les Femme d'Alger* series immortalizing women freedom fighters, politicians, and authors, he introduces a new cast of masked characters. Using photos of public figures and his own family, Asad prophetically tells the consequences of cultural turbulence in Iran.

Illuminated pinheads and miniature paintings add dimension to the canvases and anecdotes. Political involvement, secret police arrests, and public executions, are of the stories embedded in the work.
